

AMENDMENTS TO THE SPECIFICATION

Below are four (4) amendments to the specification. Please enter these amendments before further examination of the application.

1. Please add the following section to the specification before the Background of the Invention Section:

Reference to a Computer Program Listing on a Compact Disc

The enclosed compact disk contains file "ncpcd.pdf." The material on the compact disk includes a computer program listing, and its contents are hereby incorporated by reference. The file "ncpcd.pdf" contained on the compact disk is 2.32 MB, and was created on September 13, 2004.

2. Please amend the first paragraph starting on Page 64 of the specification as indicated below:

According to one specific embodiment of the invention, Figures 57, 58, 59, and 60 represent the potential positionee/positionor system's database. ~~The following tables describe the components of the database:~~ The material contained on the enclosed compact disk includes a computer program listing in tables which more fully describe the components of the database.

3. Please delete all of the tables beginning on Page 64, second paragraph, through Page 115.
4. Please add the enclosed compact disc containing the tables from Pages 64-115.
